

To what extent should the government prioritize a fairer distribution of income and wealth? (Key ideas)

Area and basic explanation (with key terms)	<p style="text-align: center;">FOR</p> <p style="text-align: center;">The government SHOULD prioritize intervention in this area because...</p> <p style="text-align: center;"><i>Why should they intervene? What should they do? Choose one or two examples or short quotes to back up the argument (Note source. Source bias?).</i></p>	<p style="text-align: center;">AGAINST</p> <p style="text-align: center;">The government SHOULD NOT prioritize intervention in this area because...</p> <p style="text-align: center;"><i>Why shouldn't they intervene? What will happen without intervention? Choose one or two examples or short quotes to back up the argument (Note source. Source bias?).</i></p>	<p style="text-align: center;">Evaluation</p> <p style="text-align: center;"><i>Prioritise evidence and arguments, make judgments, and reach conclusions. Compare your FOR and AGAINST columns and explain which you think has the strongest case and why.</i></p>
Working poverty (including the gig economy)			
Regional inequality			
Wage discrimination (including gender pay gap)
