## This House believes that nuclear power is the answer to future UK energy needs.

In order to carry out an informed debate on whether nuclear power is the way forward, there are a number of issues to consider.

Use the table below to organise your information. Please circle the sources used to complete this investigation: **Debating Europe/Britannica/Gale/Open Learn**

Issues to consider	FOR Nuclear power is a friend	AGAINST Nuclear power is a foe	Which of those arguments do you think is stronger, and why?
Safety			
Cost			
Environment			
Public image			

At this stage, do you feel that you are more in favour of, or against, nuclear power? Please give a short reason for your answer:

### Nuclear Power Debate

The more *thoughtfully* you have investigated both sides of the motion, the more effectively you will be able to argue for or against it; and the better you will be able to question, support or oppose those leading the debate.

Motion: This House believes that nuclear power is the answer to future UK energy needs.	<b>One point of view:</b>
	Reasons for holding this point of view:
	Evidence to support this point of view (give examples from what you have read):
	<b>Contrasting point of view:</b>
	Reasons for holding this point of view:
	Evidence to support this point of view (give examples from what you have read):
<b>My thoughts on these two points of view:</b>
